

DAILY SENTINEL

MONDAY, FEBRUARY 24, 1862

THE CITY COUNCIL.
The Council met at 10 o'clock. Present: His Honor, the Mayor, and a quorum.
The minutes of the previous meeting were read and approved.

REPORTS.
By Mr. Colley, from the Judiciary Committee: With regard to the case of the *Belleville* Railroad Company—submitting an ordinance prohibiting the same.
By Mr. Haughey, from the Finance Committee: Regarding the drawing of orders in favor of sundry persons amounting to \$170.
By Mr. Metzger, from the Committee on Markets: With reference to collecting rents for stalls in advance.

The Clerk submitted a report showing that he had issued and sold orders to the amount of \$390 and paid over for a horse feed, &c., to Messrs. Niehman and Buchanan.

The City Attorney reported with regard to the removal of dead animals.

Also—Relative to the erection of frame buildings within the city limits.

The Civil Engineer submitted sundry bills for improvements on Maryland and Washington streets, when, after discussion, it was directed that proposals be advertised.

ORDINANCES.
By Mr. Metzger: Amending the Market ordinance—providing for the collection of rent of stalls in advance. Read second time by title.

By Mr. Colley: To prevent the erection of pens for cattle, horses or hogs, within the city limits. Read a second time by title.

RESOLUTIONS.
By Mr. Wallace: Ordering the payment of certain estimates for street improvements on Washington street in favor of Thos. Wren. Adopted.

By the same: Ordering the payment of estimates of certain street improvements on Washington street in favor of Thos. Wren. Adopted.

By the same: Instructing the City Attorney to draw an ordinance with regard to wood and lumber measures, and report at the next meeting.

The Street Commissioner was directed to fill an old well on Liberty street, between North street and Massachusetts avenue.

UNFINISHED BUSINESS.
On motion of Mr. Fletcher, was taken up. The proposed lease with the Messrs. Glenn for city rooms, in their building on Washington street, was read by the City Attorney. There was some debate as to whether the \$1,000 per annum stipulated should be paid in city orders or cash. Mr. Colley, in an able argument, urged that it should be paid in city orders alone.

Mr. Wallace concurred with Mr. Colley. It would cost the city \$1,200 per year to pay the \$1,000.

Finally the report was adopted—yeas 7, nays 4, and the contract with the Messrs. Glenn concurred in.

The City Attorney was directed to take an appeal in the recent case of Morton against English, City Treasurer, decided by Judge Ray, with reference to the publication of the tax duplicate.

On motion, Council adjourned.

THE TWENTY-SECOND OF FEBRUARY.—This day was generally observed by the citizens of Indianapolis. At sunrise Capt. Sturm's battery, from the arsenal, fired a national salute. At eleven o'clock citizens met in Masonic Hall where the Throner of Divine Grace was addressed by the Rev. Father Haven, one of the oldest and most venerable of our ministers. After that, patriotic songs were sung and the exercises concluded by the reading of Washington's Farewell Address by the Rev. Mr. Brooks of the Presbyterian Church. The reverend gentleman is one of the best readers we ever listened to. He gave full force and emphasis to every word of the wise counsels of the Father of his Country. After benediction the audience adjourned.

When the musician sun culminated Captain Sturm again thundered with his battery, gloriously demonstrating that there were patriotic hearts all over this country who never would forget the immortal Washington or prove recreant to the few institutions which lie, with the other sages of the revolution, had founded. "Liberty and Union, one and inseparable, now and forever."

POWERS' HOTEL.—It is a great satisfaction in visiting a large city to find a hotel conveniently situated and having a certain homelike air about it, and therefore we heartily commend Powers' Hotel, New York City. Its proprietor, Mr. H. L. Powers, has recently made large additions to it, refitted, in fact modernized it, until now it has all the substantial conveniences of first class houses without their exorbitant charges. Its tables are laden with the substantial and luxuries of the season in abundance; its chambers are roomy, with good beds and sufficient toilet appliances, while from its windows a better view of Broadway can be obtained than from almost any hotel situated upon it. The ladies' parlors are spacious and beautifully furnished, so that even a rainy day in New York can be pleasantly spent in viewing the panorama of a great city, as it moves on with light, scenes and incidents ever changing and hardly equalled upon any stage. With its advantages of situation this Hotel has long been a popular stopping place for merchants visiting New York, but now, under its present management and with its recent improvements, we anticipate a "perfect rush." Among the regular boarders at this hotel is Commodore Nutt, Barnum's new man in miniature, who is said to be a hard nut to crack, and whose jokes keep the table in a roar.

It is a matter of some interest to our readers to know that they can find in New York City a hotel situated directly opposite the Astor House, offering to its guests the conveniences and accommodations of a first class house for the unusually moderate charge of one dollar and fifty cents per day, and we recommend them to try Powers' Hotel. They will find that its proprietor possesses the accomplishment of knowing how to keep a hotel.

Mr. Charles D. Vajen is one of the most efficient young gentlemen attached to the Commissary Department, having it as a duty to look after the comfort not only of our prisoners but of our brave volunteers. Mr. Charles D. Vajen performs his duty in every emergency. He is commended daily by his superior officers.

Captain Dexter, of the steamboat Courier, leaves Evansville on next Tuesday night at 10 o'clock, on the arrival of the train from this city for Fort Donelson, remaining there one day. Tickets, including berth on boat, \$10 for the round trip from Evansville.

Col. Owen's—The following all here, ordered to Camp Morton to guard the prisoners.

Governor Morton has returned to the city from Fort Donelson.

The Mason, of the 13th regiment, Captain Ben. May of the 13th, and Lieut. Connelley, of the 5th, were in the city yesterday.

Will these nightly fly over the city going north. It is said to be an indication of approaching warm weather.

Mr. John Schley, of Indiana, has received a powder horn, captured in Virginia, by a Secessionist, forwarded to him by his friend Frank Sheldon.

MASONIC NOTICE.—There will be a special meeting of Center Lodge No. 23, this (Monday) evening, at 7 o'clock.

CHARLES FISHER, Secretary.

Sixty odd secession officers are quartered in Munson & Johnson's building, east of Old Fellow's Hall. We understand that every preparation has been made to make them as comfortable as possible.

Charles W. Hill, late Post Adjutant at Camp Morton, has, we understand, been appointed Life Major of the same post. Mr. Hill is a gentleman accomplished, and a patriot in whom there is no guile.

Some twenty-five contestants arrived yesterday and the day before accompanying the secession prisoners. They were a good looking set of illuminated shades. They swore "they wasn't going to leave de boys dey came with, no how."

THE ESCAPE OF PRISONERS AN IMTRACTABLE FACT.—Captain Kidd's battery is stationed about Camp Morton, commanding every entrance and exit and all the buildings and every acre for miles around.

PADDOCK'S BANK MIRROR.—We met in the city, on Saturday last, Mr. George W. Williams, the General Agent for Paddock's Bank Mirror and Bank Note Detector, said to be one of the most authentic publications of the kind issued.

When you go to Logansport be sure and stop at the well known and popular Gifford House. Mr. Gifford keeps a good house and runs a free omnibus to and from the cars. You can rely upon the Gifford as one of the best hotels in the State.

HUMAN.—Gov. Morton, we understand, has signified his intention to clothe decently and provide comfortably for the prisoners that have reached here from the South during the past two days. All honor to Governor Morton. His heart, we begin to believe, is in the right place after all.

Col. Ben. S. Nicklin is commander of the police at Camp Morton, and also it is his duty to see to the roll call of the prisoners daily. Col. Owen is commander of the guard. Quartermaster Palmer has the charge committed to him of providing for those on the ground. There are no more capable and efficient officers in the service than these three gentlemen we have named.

Sergeant Ed. Tynor, of Capt. Bracken's cavalry company, has arrived in the city. He reports the men all well and comfortably situated at Parkersburg. Sergeant Tynor, himself, is looking remarkably well, and his numerous friends were happy to welcome him back once more. He could give us no information with reference to Captain Bracken's expected arrival in Indianapolis.

TO THE LADIES' PATRIOTIC ASSOCIATION.—It is earnestly desired that all hospital supplies and delicacies prepared and designed for our wounded soldiers be sent to day to General J. H. Vajen, Quartermaster, that they may be forwarded by a special messenger, on Tuesday morning, to Fort Donelson, Mound City, Paducah, and Cairo.

MRS. O. P. MORTON, Pres't.

OLD FELLOWS AND MASONS.—We learn that all of the prisoners in the city, whether officers or privates, who are members of the Masonic Order or the Order of Independent Old Fellows, will be carefully looked after by their brethren. Nor will the charity and kindness of the magnanimous and noble men belonging to these, the most efficient of our benevolent associations, stop here. Their attention will be freely, and as brothers, bestowed upon all who need it. "One touch of nature makes the whole world kin."

HONORABLE TO OUR CITIZENS.—We are proud, we are inexpressibly happy to have in our power to speak of the manner in which our citizens, the free and noble men of the North, received the prisoners from the South who have been arriving during the past two days. Not a jeer, not a gloe, nor a jest, nor any insulting remark was indulged in by any one. Even the little boys were serious, and some of them in tears, as they looked upon the brave but deluded men, who are now our prisoners. God grant that they may come to understand us better, and God grant that we may come to understand them better.

GREAT REDUCTION IN THE PRICE OF SILVER PLATED TABLE WARE.—The arrangements of W. H. Talbot & Co. have recently made with the manufacturers enable them to sell the best quality of silver plated ware at the following low prices:

Plain tea spoons..... \$5
Plain dessert spoons..... \$1.50
Threaded tea spoons..... 2.00
Threaded dessert spoons..... 2.50
Threaded table forks..... 3.00
Threaded table knives..... 2.50
Threaded butter knives..... 2.50
Threaded table forks (large size)..... 3.25

Splendid tea sets, best quality made, from \$18 to \$35. Costers, cake baskets, waiters, oyster-ladles, butter-knives, &c., reduced in the same proportion. Full names, dates, &c., engraved on each article free of charge. Particular attention paid to repairing watches, jewelry, &c.

We were present yesterday at one of the places of public resort in the city when a captured Surgeon of the rebel army and his young assistant, in company with a gallant officer of the 19th United States regulars, under whose charge they were, came in. Something was called for, and the young Assistant, a noble looking and intelligent fellow, proposed the following toast: "This was drunk, every one present heartily joining:

"Gentlemen: May our National difficulties be speedily ended!"

We were inexpressibly pleased to note how considerably, courteously and chivalrously the brave officer of the 19th United States treated the gentleman he had in charge. An interchange of courtesies of opinions—nay, even of affection—of this sort will go far toward realizing as an actual fact the sentiment of the young Surgeon's toast.

Lost—A lady's small hunting watch, with chain and pin attached. Supposed to be an A. Arnold, 16345, was lost on Saturday last. A reward will be given to the finder on leaving it at Ferguson's jewelry store.
